STATEMENT OF OBJECTS AND REASONS

1. The Maharashtra Shops and Establishments Act (LXXIX of 1948) is enacted to consolidate and amend the law relating to the regulation of conditions of work and employment in shops, commercial establishments, residential hotels, restaurants, eating houses, theatres, other places of public amusement or entertainment and other establishments.
2. The recent information and technology have revolutionized the mode of trading whereby it is possible to sell goods and services online without any physical, and geographical limitations and time limitations being available for twenty-four hours. Therefore, the provisions of the said Act of keeping a shop or establishment closed for a business on one day of the week and to restrict the opening and closing hours of establishments have become obsolete. It has become necessary to provide even platform for offline business to compete with online business and to permit to operate shops and establishments for twenty-four hours and all days in a week. It will help employment generation at large and to increase Gross Domestic Product.
3. In line with the “ease of doing business” policy of the Government, it is necessary that the marginal and small establishments engaging less than ten employees need to be liberalized from registration under the Act and to provide all the services under the Act online based on self-declaration and self-certified documents. It is also necessary that the employees in the shops and establishments should have uniform working conditions. All the welfare measures should be applicable to workers so as to improve their health and well being which in turn will increase their productivity. Also due to the increase in the literacy percentage of women, numerous avenues for job and employment for women workers are available. Allowing them to work in night shift on par with that of men workers subject to certain reasonable terms and conditions particularly regarding their health, safety and honour will increase their earning capacity resulting in their empowerment.
4. The Central Government has also circulated a model Shops and Establishments (Regulation of Employment and Conditions of Service) Bill, 2016, which has been finalised after detailed deliberations and consultation process, to all the State Governments for consideration.
5. In view of the above, the Government of Maharashtra considered it expedient to enact a new law, on the lines of the model Bill circulated by the Central Government, for regulation of conditions of employment and other conditions of service of workers employed in various establishments by repealing the existing Maharashtra Shops and Establishments Act.
6. The Bill seeks to achieve the above objectives.
